

Poncin, the 19th of July 2019

Dear Sir, Dear Madam,

According to your request, we confirm us that all our inks and solvents made in our company are compliant with the regulation below

- **Directive 2011/65/CE or ROHS updated** : amount less the threshold for lead, cadmium, mercury, chrome hexavalent, polybromobiphenyles (PBB), polybromodiphenylethers (PBDE), phthalates as DEHP, BBP, DBP and DIBP
- **Directive 2000/53/CE or VHU updated** : amount less the threshold for lead, mercury, cadmium and chrome hexavalent
- **Directive 94/62/CE or Directive Packaging updated** : amount less the threshold for lead, mercury, cadmium and chrome hexavalent
- **Regulation EN 71-3 or Toys Regulation (2017)** : amount less the threshold for the substances listed in Table 2 for our standard products. Please contact us for special inks.

This certificate was established according information provided by our suppliers.

Best regards.
