

Screen printing

Matériel

Carrousel

The Carrousel is a manual machine dedicated to print 1 to 8 colours on tee-shirts, sweat-shirts, caps... The maximum printing size is 40 x 50 cm.

4 models are manufactured : 4, 6 or 8 moving stations.

Carrousel is composed of a perfectly stable stiff base. The boards and screen holders are rotating independently one from the other.

Carrousel can be equipped with 5 different board sizes : man XXL, man XL, man L, woman M and child S.

Carrousel is delivered dismantled..

• Printing system

The screen holders are manufactured in mechanic welding section which offers good lightness/stiffness qualities for an easy use.

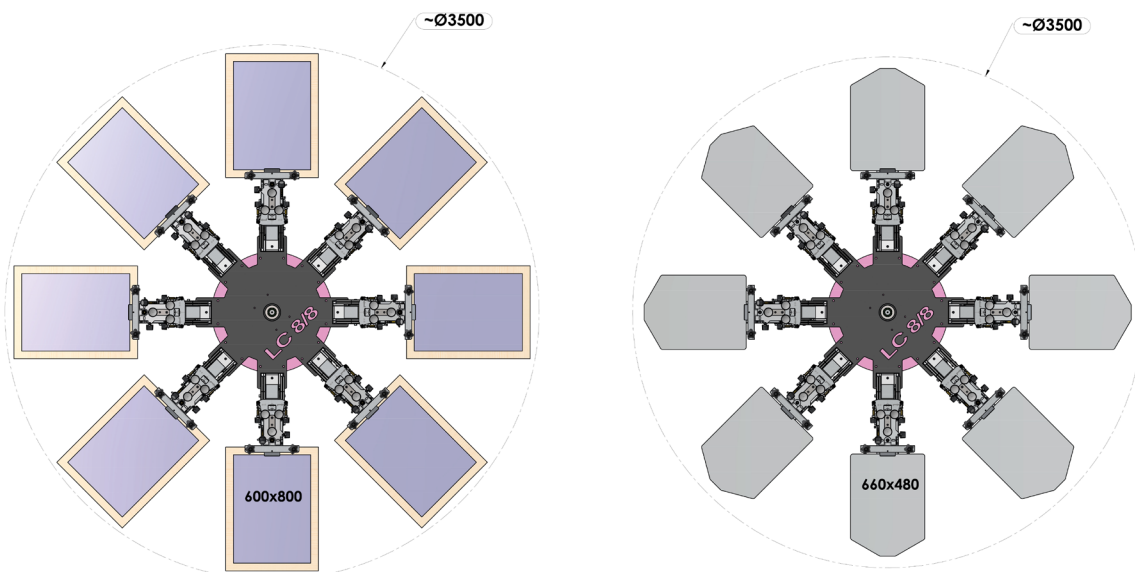

The boards slide to permit their adjustment and quick removing. A roll tappet set them in the appropriate position.

• Adjustments

- Screens by 3 micrometric buttons (x and y axes and rotation)
- Boards : front / backward
- Off contact
- Parallelism screen/board
