

## ECO wash tray

### ECO WASH TRAY

Screen washing tray, easy to clean and maintain, thanks to its stainless steel surface.  
Useful to clean your screens and tools with solvent/water after production, degreasing stencils (emulsions & capillary films) and ghost image processing.

- Tray entirely made of AISI 304 stainless steel
- Supplied without additional equipment and accessories
- Has a 1.5" drain at the bottom of the tub, an drain chimney (80mm) at the back, to connect to an extractor (not included).
